

**One year warranty:** We pride ourselves as the toughest, lightest paddles on Earth and we stand behind our craftsmanship and workmanship on each and every paddle that leaves our doors. Should your paddle snap, bend or crack under “normal” usage in the water, we’ll replace it. But should your paddle snap, bend or crack because you used it irresponsibly in the water, or out, you’re on your own. We’ve been doing this for quite a while and we can usually tell. Plus, trying to get a replacement paddle for being a knuckle-head is really bad paddle Karma.
